NOTES:

Typical LL.M. Fall semester course load is 3 courses (1 mandatory + 2 or 3 electives, total 9 credits). The courses highlighted in blue are required of all LL.M. students, per year as noted, and the course with an asterisk is highly recommended for all non-LLB students. A load of more than 9 credits is considered an overload and is permitted only with approval of the Program Chair and requires payment of additional tuition fees for such overload credits.

It is the student's responsibility to assure timely completion of all requirements for graduation. LL.M.2 students in particular are advised to check with the Program Chair with any questions about degree requirements.

All students must take at least 1 credit of environmental studies to graduate, which can be fulfilled by taking LAW 371 (a 1-credit course) or by taking a 1-credit course offered by the Agopian Center for Environment.
